

Hinges for Positive Angle Doors

Product # H030C2R7E99

Fixing Type Dowel

Door Position Inset

Hinge Opening Angle +30°

DESCRIPTION

The solution to assembly problems: doors not mounted at an angle of 90° to the carcass normally require the verification of drilling distances through a practical trial.

- Possible drilling distance on the door (K) of 3 mm to 8 mm
- 11 mm deep metal cup
- Compatible with all traditional mounting plates of series 200
- Compatible with DOMI snap-on mounting plates
- Available in doweled, self-closing version only
- Ø 35 mm
- Packaging: each/box 100
