Richelieu's 828 concealed undermount slides for frameless cabinet feature everything that you would want in a slide. Soft-close technology, synchronized movement, plus a **100 lb (45 kg) load capacity** and industry standard length offering are the basis for this premium line.

- Hybrid slide made for both wood drawers and our OPTIMIZ-R metal drawer system
- Designed for easy, fast and flexible installation and removal
- Elegantly concealed underneath the drawer bottom panel
- Automatic soft-closing mechanism allows a progressive and silent closure of the drawer
- Easy opening with a low pull-out force requirement
- Full extension slide allows complete access to drawer content

# 828 series concealed undermount drawer slides for frameless cabinets

## 1 Synchronized full extension concealed slides with soft-close

Offers a variety of front-locking devices (sold separately) to provide 2, 4 or 6-way adjustments. The drawer can be adjusted vertically, horizontally and in depth. All of the adjustments are simple operations and easily performed without the use of tools. Combining innovation and performance, these slides offer a fluid, synchronized and soft-closing movement.

- Comprehensive line-up for a wide range of drawer sizes
- Synchronization mechanism for smooth, silent operation and enhanced comfort
- 100 lb (45 kg) load capacity
- Multiple tool-free adjustments
