### Market and Product

- Slim LED Puck is an addition to the 24 V line of products.
- *Our group A 12 V system remains an integral part of our lighting line and there are no plans to discontinue it. Customers preferring the 12 V system can continue using this system.*

### What You Need to Know

- 24 V dc power supply required; works with prescribed dimmers
- Indoor use only

### Product Launch Strategy

Product will be available in RIC, MIS, VAN, and CAL. If you require inventory in your warehouse, please request product opening with supply chain.
