MANAGEMENT PROXY CIRCULAR

Solicitation of Proxies

This Management Proxy Circular (the “Circular”) is provided in connection with the solicitation of proxies by the Management of Richelieu Hardware Ltd. (hereinafter called the “Company” or “Richelieu”) for use at the Annual General Meeting of shareholders of the Company (the “Meeting”) to be held at the place and date indicated in the Notice. Unless otherwise indicated, the information contained herein is given as at January 31, 2011 and all dollar amounts set forth herein are expressed in Canadian dollars.

The solicitation is made primarily by mail, but officers and employees of the Company may nonetheless solicit proxies directly by telephone or through other personal solicitations but without additional compensation. The Company may also reimburse brokers and other persons who hold shares in their name, or on behalf of nominees, to cover their expenses for the mailing of proxy documents to principals and to obtain their proxy. The cost of solicitation will be borne by the Company.

Nomination of Proxyholders

The persons named in the enclosed form of proxy are directors of the Company. **A shareholder has the right to appoint as his representative a person other than those appointed by Management and whose name is indicated for that purpose in the attached form of proxy, to allow that person to attend and act on his behalf at the Meeting.**

To exercise this right, the shareholder must strike out the names of the persons named in the form of proxy and write the name of the person selected by the shareholder in the blank space provided for that purpose. It is not necessary that the person selected be a shareholder of the Company.

For your vote to be recorded, your proxy must be received by the Secretary of the Company prior to the Meeting.

Revocation of Proxies

A shareholder who signs a form of proxy may revoke the proxy at any time before it is used, in any manner authorized by law, including by way of a written instrument executed by him, his attorney duly authorized in writing, or, if the shareholder is a corporation, by an officer or an attorney of such corporation duly authorized. Any such instrument must be filed with the Secretary of the Company. The powers of the proxy holders may also be revoked if the holder of Common Shares attends the meeting in person, or any adjournment thereof, and so requests.

Exercise of Voting Rights Attached to Shares Represented by Proxy in Favour of Management

The enclosed form of proxy, when duly executed and transmitted, appoints the persons named therein or any other person named by the shareholder in the manner provided for above, to represent the shareholder with respect to the shares represented by the said proxy at the Meeting and the persons named therein will vote or withhold from voting as specified by the shareholder.

Management shall ensure that all voting rights will be exercised in accordance with the instructions given by the shareholder on any ballot that may be called for. Unless otherwise indicated, the shares represented by such proxy will be voted IN FAVOUR OF all the matters described herein.

Management is not aware of any new matters or any amendment or variation of matters to be submitted at the Meeting, nor does it foresee that such possibilities might arise. If, however, any such matters properly come before the Meeting, the persons named in the enclosed form of proxy will vote thereon in accordance with their best judgement pursuant to the discretionary authority conferred by the proxy with respect to such matters.

Voting Shares and Principal Holders Thereof

The Common Shares are the only securities in the share capital of the Company which carry voting rights.

As of January 31, 2011, the Company had 21,151,709 outstanding Common Shares (the "Common Shares"). Each Common Share of the Company entitles its holder to one vote.

The registered holders of Common Shares at 5:00 p.m., Montréal time, on February 18, 2011 (the "Record Date"), will be entitled to vote at the Meeting and at any adjournment thereof, if present or represented thereat by proxy. The holder of Common Shares acquired after the Record Date is entitled to exercise the voting rights attached to such shares at the Meeting or at any adjournment thereof by tendering duly endorsed share certificates representing those shares or by otherwise establishing that he owns the shares, and by requiring, at least ten days before the Meeting, that his name be placed on the list of shareholders entitled to receive the Notice of Meeting, this list having been drawn up on the Record Date.

To the knowledge of the Company's directors and officers, as of January 31, 2011, no person owned, directly or indirectly, more than 10% of the outstanding Common Shares, except Mawer Investment Management Ltd. for a holding of 13.17%.

Notice to Shareholders Holding their Shares through a Broker or another Intermediary

Any shareholder of the Company whose share certificates are not registered in his name must pay close attention to the information set forth in this Section, to ensure that his instructions as to the exercise of voting rights for this Meeting are transmitted in due time and to the appropriate person. Only proxies tendered by shareholders registered in the share ledger of the Company, maintained by Computershare Trust Company of Canada (Registrar and Transfer Agent), may be recognized and used at the Meeting.

If the Company's Common Shares (the "Shares") held by a Shareholder appear in an account statement sent by a broker, said Shares are most probably not registered in the name of the shareholder, but in the name of the broker or a nominee thereof. **As a result, any beneficial holder must communicate his voting instructions to the appropriate person and such beneficial holder has less time to do so than a registered holder.**

Regulation 54-101 respecting Communication with Beneficial Owners of Securities of a Reporting Issuer requires that brokers and other intermediaries request voting instructions from any beneficial holder prior to shareholder meetings. Each broker has his own procedures for sending materials and provides his own guidelines for their return; these instructions are to be followed carefully by the shareholder to ensure that the voting rights attached to his Shares are cast at the Meeting, according to his rights.

If you have questions on how to exercise voting rights attached to Shares held through a broker or other intermediary, please contact the broker or intermediary directly.

Unless otherwise indicated in this Proxy Circular, the Form of Proxy, and the Notice of Meeting attached hereto, shareholders shall mean registered holders.

Information about Nominees Proposed for Election as Directors

Management of the Company proposes the election of eight (8) directors for the current year. The directors are elected each year and their term of office expires upon the election of their successor unless they resign or their office becomes vacant because of death, removal, or any other reason.

Should any of the nominees proposed for election as director be unable, for any reason whatsoever, to fulfil his duties as a director, the persons named in the enclosed form of proxy reserve the right to vote for another nominee of their choice unless the shareholder specifies on the form of proxy to abstain from voting for the election of directors.

The following table indicates, for each nominee proposed for election as director, his name, his province of residence, his position within the Company, his current principal occupation, the year in which he first became a director, and the committees of the Board of the Company on which he serves. The table also indicates whether the nominee is independent, the percentage of attendance at meetings for the period of December 1, 2009 to November 30, 2010, the number of voting shares in the share capital of the Company beneficially owned, directly or indirectly, or over which control is exercised, and the number of stock options and share units held under the Deferred Share Unit ("DSU") Plan (see section "Directors' Compensation" on page 10 of the Circular).

The nominees have themselves provided the Company with the information, as of February 18, 2011, except for the deferred share units which are as of November 30, 2010.

Unless otherwise indicated by the shareholder, the voting rights attached to the shares represented by any duly executed proxy will be exercised IN FAVOUR OF the election of the nominees listed hereafter.

DIRECTORS' COMPENSATION

Directors' Compensation Policy

Non-employee directors receive an annual retainer of \$30,000 for serving as members of the Board of Directors, while the Chair of the Board receives an annual retainer of \$75,000. The chairs of the Audit Committee and of the Human Resources and Corporate Governance Committee receive an additional retainer of \$7,500 per year. In addition, meeting fees of \$1,500 are paid to the non-employee directors for each attended meeting of the Company Board of Directors and meeting fees of \$2,000 are paid to non-employee directors for each attended Audit Committee meeting and Human Resources and Corporate Governance meeting.. No retirement plan is available to the directors of the Company.

Deferred Share Unit Plan

On July 5, 2005, the Company established a Deferred Share Unit ("DSU") Plan to attract and retain experienced and qualified directors. The Human Resources and Corporate Governance Committee, which is responsible for managing the Plan, decided that only non-employee directors would be eligible for the Plan. Directors can elect to receive part or all of their compensation in DSUs. The number of DSUs granted to a director equals the compensation amount to be converted in DSUs divided by the average closing price of the Company's Common Shares on the TSX for the five (5) business days immediately preceding the date of the payment. DSUs earn dividend equivalents in the form of additional DSUs at the same rate as dividends are paid on the Company's Common Shares. The value of DSUs is redeemable for cash upon the director ceasing to be a member of the Board. The amount paid is equal to the number of accumulated DSUs multiplied by the average closing price of the Company's Common Shares on the TSX for the five (5) business days immediately preceding the date on which the director elects to exercise his/her rights. The date of exercise of the rights, can be fixed, at the latest, at the end of the first complete calendar year following the year in which the person ceases to be a member of the Board. This date of exercise shall be approved by the Human Resources and Corporate Governance Committee of the Company. The amount is paid in cash and is subject to applicable tax deductions. Henceforth all directors have elected to receive their total compensation in DSUs; except for Mr. Robert Chevrier and Mr. Pierre Bourgie, who elected to receive 100% of their compensation in cash; and Mr. Jocelyn Proteau, who elected to receive 50% of his compensation in cash.

Stock Option Plan

The Company grants each new non-employee director 1,000 stock options per year up to a maximum of 5,000 options, provided that the total number of options granted at no time exceeds the total number of Common Shares and DSUs held by the director. For the fiscal year ended November 30, 2010, Ms. Denyse Chicoyne, and Mrs Pierre Bourgie, Robert Courteau, Jean Douville, and Jocelyn Proteau each received 1,000 options at an exercise price of \$23.37 per share.

Compensation Paid to Directors for the Fiscal Year Ended November 30, 2010

The following table presents the compensation paid to each director for services rendered during the fiscal year ended November 30, 2010, differentiating the compensation paid in cash from the compensation converted in DSUs. DSUs are granted on a quarterly basis, at the same rate as meetings are held and vest immediately. During the year

ended November 30, 2010, the Board of Directors held five (5) meetings; the Audit Committee, four (4) meetings; and the Human Resources and Corporate Governance Committee, four (4) meetings.

 - (i) exercise price: \$23.37
 - (ii) risk-free interest rate: 3.03%
 - (iii) expected life of options: 7.0 years

The actual gain, if any, will depend on the value of Common Shares on the dates the options are exercised (see "Long-term Incentive Plan (Options)").

2) DSUs are granted at the end of every quarter and vest immediately on the grant date.

3) Mr. Richard Lord receives no compensation for his duties as director of the Company.

Incentive Plan Awards – Value Vested or Earned during the Fiscal Year

The following table presents, for each director, the value of options and DSUs that have vested during fiscal year ended November 30, 2010.

Director's Name	Option-based Awards - Value Vested during the Year ⁽¹⁾	Share-based Awards (DSUs) - Value Vested during the Year
Pierre Bourgie	\$0	\$0
Robert Chevrier	\$0	\$0
Denyse Chicoyne	\$3,216	\$45,171
Robert Courteau	\$3,696	\$46,664
Jean Douville	\$3,216	\$48,970
Mathieu Gauvin	\$0	\$53,726
Richard Lord ⁽¹⁾	N/A	N/A
Jocelyn Proteau	\$4,526	\$22,717

- 1) The options automatically vest at a rate of 25% per year on each of the first four anniversaries of their date of grant.
- 2) DSUs vest at the end of each quarter when the DSUs are credited to the director's notional account. This amount includes the dividend equivalents reinvested in additional DSUs during the 2010 financial year. The value on the vesting date is therefore equal to the value on the date of grant presented in the Directors Summary Compensation Table.

EXECUTIVES' COMPENSATION

This section is intended to provide the Company's shareholders with a description of the policies, plans, and decisions with respect to the compensation of the named executive officers (collectively the "Named Executive Officers" or "NEOs") for the Company's fiscal year ended November 30, 2010. The NEOs include the Company's President and Chief Executive Officer, the Vice-president and Chief Financial Officer, and the other three most highly compensated executives, i.e., the Vice-president & General Manager, Operations; the Vice-president, Sales and Marketing, Industrial Division; and the Vice-president, Sales and Marketing, Hardware Retailers. Although the main purpose of this section is to describe the compensation policies and plans applicable to NEOs, these plans also apply to other Company executives. Unless indicated otherwise, the information in this section is effective as of November 30, 2010.

Compensation Analysis

Role and Responsibilities of the Human Resources and Corporate Governance Committee

The Human Resources and Corporate Governance Committee (the "Committee") is in charge of determining the level of compensation and terms of employment of the executives and of making recommendations to the Board based on the best practices and market trends in terms of compensation, performance, and corporate governance.

In 2009, PCI-Perrault Consulting Inc. ("PCI"), a firm of compensation experts, was mandated by the Committee to define a reference market (the "Comparative Group") comprising companies that are comparable to the Company in terms of size, activities, and geographic scope, to assess the compensation of its NEOs. The information gathered is still current and pertinent, this exercise was not done again for the Company's fiscal year ended November 30, 2010.

As part of its mandate, the Committee establishes the President and CEO's compensation based on market positioning of the total compensation package, its components, weights, and level of opportunity to ensure the package's competitiveness and alignment with shareholders' interests. The Committee also assesses the President and CEO's performance. The Committee's recommendations with regard to the President and CEO's compensation, objectives, and performance assessment are discussed with members of the Board of Directors and submitted for approval.

The President and CEO establishes the compensation of the Company's executives (components of compensation, guidelines as regards executives' level of opportunity and weights) to ensure the total compensation package is competitive and aligned with shareholders' interests. He submits the outline of these elements of compensation to the Committee. The Committee, where applicable and on the recommendation of the President and CEO, reviews the market positioning of the Company's executive compensation. The President and CEO may recommend changes to the executives' total compensation packages in order to reach the Company's objectives. The Committee submits its recommendations with regard to the employees' total compensation packages to the Board of Directors for approval.

At the end of each fiscal year, the annual assessment of the President and CEO is conducted by the Committee, submitted to the Board of Directors, and discussed in closed session. The Committee also determines the extent to

which the performance objectives set at the beginning of the previous fiscal year have been achieved and, if any, submits to the Board of Directors for approval its recommendations with regard to the amount of annual bonus payable to the President and CEO, as well as a salary increase, where applicable. The President and CEO conducts the annual assessment of the other NEOs. According to the achievement of objectives set at the beginning of the year, he determines each executive officer's annual bonus and salary increase, where applicable. The Committee examines the total annual bonus package suggested by the President and CEO, and the cost of all salary increases. When the Committee is satisfied that the compensation proposed is fair, given the Company's performance, it requests the approval of the Board of Directors.

Based on the recommendation of the Human Resources and Corporate Governance Committee, at the start of each fiscal year, the Board of Directors establishes the number of stock options that it grants to the President and CEO, and approves, on the recommendation of the President and CEO, the total number of stock options that are granted to the participants other than the President and CEO during the fiscal year.

The Committee is comprised of three (3) independent directors: Messrs. Jean Douville (Chair), Robert Courteau, and Jocelyn Proteau. Mr. Robert Chevrier acts as ex-officio member.

No officers of the Company are involved in the process of determining executive compensation, except the President and CEO with respect to the compensation of executives who report directly to him. That being said, the Vice-President and CFO, together with the other executives, are involved in the preparation of the financial budgets, which are recommended to the Board of Directors for approval and form the basis for the financial performance targets used in determining bonuses. The Vice-president and CFO is also in charge of overseeing the financial, accounting, legal, and regulatory aspects of the stock option plan, including maintaining a record of the options granted, exercised and/or cancelled. Any proposed modifications to the annual incentive plan and the stock option plan are discussed with the President and CEO, and then with the Committee, who chooses, at its discretion, to recommend its approval by the Board of Directors and, when required, by the shareholders.

Information Sources

The Committee retains, as needed, the services of an external compensation consulting firm, for the purpose of obtaining external information and advice on NEO compensation plans. PCI started providing its services in 2009 and continued doing so in 2010 in order to finalize, among other things, matters relating to the President and Chief Executive Officer's compensation and employment contract. During the fiscal year 2010, fees totalling \$1,315 were paid to PCI in consideration for the consulting services described above.

Executive Compensation Principles

The compensation of Quincaillerie Richelieu's senior officers is designed to achieve the following primary objectives:

- Attract and develop the loyalty of qualified executives who will define and achieve the Company's business strategy
- Encourage the executives to employ strategies that will improve the Company's performance and its economic value for shareholders.

The compensation granted to the Company's executives also aims to provide total compensation that is competitive in relation to its comparative group, taking into consideration additional Company and executive-specific issues such as the scope of responsibilities, experience and skills for the position, the achievement of financial and operational objectives, as well as each individual's contribution to the success of the Company. Total compensation plans are structured to provide compensation that is above the competitive market median when results exceed the Company's business objectives and below market median when results are below target. As a result, a large portion of the directors' compensation is based on performance given that it is directly related to the Company's results and the growth of the share price.

Comparative Group

To establish guidelines for compensation levels and to benchmark the total compensation, the Company's executive compensation opportunity is compared to the compensation of positions of comparable responsibility in fifteen (15) Canadian companies operating in the distribution and retail sector and with revenues and financial performance commensurate with those of the Company.

For executive compensation purposes, Quincaillerie Richelieu's comparative group includes the following fifteen (15) companies:

CanWel Building Materials Income Fund
Cogeco Cable Inc.
Danier Leather Inc.
Colabor Income Fund
Wajax Income Fund
Goodfellow Inc.
Le Château Inc.
Forzani Group Ltd.
MEGA Brands Inc.
Reitmans (Canada) Limited
Rona Inc.
Strongco Income Fund
SunOpta Inc.
Uni-Select Inc.
Velan Inc.

For consistency and comparison purposes, the comparative group seldom changes. The comparative group will be reviewed on an annual basis to ensure that the inclusion criteria and companies on the list are still pertinent. Changes may be made, if necessary.

Determination and Description of Compensation Components

In order to achieve the objectives described in the above table, the various compensation components are positioned as follows:

- Base Salary – the targeted base salary is the median of the comparative group. However, it may be adjusted upward or downward to reflect specific circumstances, such as experience and individual contributions.
- Benefit Plan – benefits are set at market competitive levels
- Annual Short-term Incentive Plan ("STIP") – the maximum bonus is set for each employee level around the median of the comparative group when the Company achieves or exceeds business objectives. When results are below target, the bonus is reduced and can go as low as zero when the Company's earnings per share ("EPS") are below the threshold established at the start of the fiscal year;.
- Long-term Incentive Plan ("LTIP") – the number of shares awarded under the share purchase plan is linked to the amounts invested by the participants and their vesting is immediate; annual stock option grants are aligned with median long-term incentive grants made by the corporations of the comparative group, and provide for vesting based on the number of years of service subsequent to the grants, in order to align the interests of executives and shareholders. The number of options granted annually is subject to the discretion of the Board of Directors and may vary according to Company results and individual performance;
- Retirement allowance for the benefit of the President and Chief Executive officer- An allowance of \$1.7M if he were to retire after July 8, 2010, in recognition of his 22 years of service as head of the Company;
 - an allowance of \$1.8M for a retirement starting on December 1, 2011;
 - The retirement allowance will thereafter be increased by \$100,000 each year, for a total allowance of \$2.3M on December 1, 2016.

The following diagrams illustrate all the compensation elements for the President and Chief Executives Officer and for the other NEOs.

Base Salary

The Committee, where appropriate, recommends to the Board of Directors increases to the President and CEO's base salary, further to examining the Company's market positioning and the range of Company salary increases. The President and CEO reviews, on an annual basis, the salaries of each executive officer who reports to him and makes adjustments when required, to ensure the compensation remains market competitive and is commensurate with individual performance, the responsibilities of the position, and competency development. The President and CEO then submits his recommendations to the Committee, where applicable. Individual performance includes, but is not limited to, each executive officer's contribution to the Company's success, functional or regional results, leadership, quality of management, and espousing of our corporate values.

For the fiscal year ended November 30, 2010, the salaries of the NEOs were increased, on average, by a percentage of 2%.

Annual Short-term Incentive Plan

Quincaillerie Richelieu believes short-term incentive rewards should be paid to executives for their contribution to the Company's overall performance and for meeting objectives related to their activity sector, region, duties, business unit, as well as their personal achievements.

The following table presents the maximum annual bonus, the bonus formula, and the performance indicators that apply to each NEO for the fiscal year ended November 30, 2010.

Name and Position Title	Maximum Bonus Opportunity	=	(Earnings per Share ("EPS")	+	Sector or Region Quantitative Objectives	+	Function Quantitative Objectives	+	Individual Quantitative Objectives)
	(% of base salary)										
RICHARD LORD President and Chief Executive Officer	120%	=	(0%–90%	+	0%	+	0%–20%	+	0%–10%)
ALAIN GIASSON Vice-president and Chief Financial Officer	60%	=	(0%–24%	+	0%–6%	+	0%–25%	+	0%–5%)
NORMAND GUINDON Vice-president and General Manager - Operations	60%	=	(0%–12%	+	0%–13%	+	0%–30%	+	0%–5%)
GUY GRENIER Vice-president, Sales and Marketing - Industrial	60%	=	(0%–12%	+	0%–13%	+	0%–30%	+	0%–5%)
CHRISTIAN LADOUCEUR Vice-president- Sales and Marketing, Retailers	40%	=	(0%–10%	+	0%–10%	+	0%–15%	+	0%–5%)

The performance of the sector or region, depending on the position, refers to the financial objectives (in terms of the share price, sales, margin, earnings before taxes, interest and amortization), annual business plan (approved at the beginning of the fiscal year and aligned with the Company's business plan), or internal/external customer service levels of the sector or region under the position's responsibility.

The function objectives refer to the sales or other quantitative objectives under the position's supervision (for example, the sale and profit of all or certain products, expenses, project deadlines, etc.).

Personal objectives are also approved at the beginning of the year. They usually consist of specific projects to be completed or (financial) targets to be achieved during the year in addition to the position's basic responsibilities and that are aligned with the key priorities of the sector, region, or role.

Objectives for all performance indicators are set at challenging levels to ensure strong growth and increased corporate value. According to the formula, no bonus is payable when the Company's earnings per share ("EPS") is below the threshold established at the start of the fiscal year..

Each year, the Committee recommends to the Board of Directors the payment of the President and CEO's bonus according to the level of attainment of the performance objectives set at the beginning of the previous fiscal year. The Committee also recommends the President and CEO's performance objectives for the upcoming fiscal year. These recommendations are based on the previous year's performance, the Company's business plan and objectives for the coming year, as well as the level of difficulty in achieving them. The Committee reviews and recommends the

approval of objectives submitted by the President and CEO for the NEOs for the upcoming fiscal year. The objectives and their degree of difficulty are determined according to the economic and commercial forecasts available at the time. The Board of Directors may adjust, at its discretion, the formula and the bonus amounts according to results and changes to the Company's economic and commercial situation.

The Board of Directors approved the payment of a bonus of \$648,000 to the President and CEO, which represents 120% of his base salary. Similarly, the Board of Directors also approved a bonus pool of \$3,008,000 to be paid to participants in the short-term incentive plan. The President and CEO allocated the bonus pool based on regional or sectorial results as well as individual position and performance.

The Board of Directors believes that the bonuses awarded are fair considering the exceptional results achieved and the following accomplishments:

- The closing of six (6) acquisitions during the financial year ended November 30, 2010;
- A 7.5% increase in consolidated sales;
- A 31.9% increase in net earnings per share ; and
- Achievements of the main objectives established in the Company's strategic plan.

In addition, the board of directors authorized at its July 8, 2010 meeting, the grant of a retirement allowance to the President and CEO, whereby an amount of \$1.7M would now be payable if he chose to retire immediately.

Long-term Incentive Plans

The Company offers the following two long-term incentive plans:

- a share purchase plan;
- a stock option plan; and

for the President and CEO, a retirement allowance set up during the financial year 2010, such allowance would reach \$2.3M if he were to retire on December 1st, 2016.

Share Purchase Plan

Enable all employees to purchase shares up to a maximum percentage of their total compensation in cash; the Company contributes an amount equal to a percentage of every amount invested by the employee to purchase additional shares. The Company's contribution is determined annually. The share purchase plan aims to induce participants to increase shareholder value and to favour the accumulation of capital.

Stock Option Plan

Options to purchase Common Shares may be granted from time to time to executive officers and other key employees pursuant to the Stock Option Plan (the "Option Plan"). The terms and conditions of the Option Plan meet the objectives to attract and retain quality executive officers while promoting long-term profitability and maximizing shareholder value. The number of shares granted by the Committee to each of the participants under the Option Plan is determined according to the total number of options authorized in the year by the Board of Directors for the President and CEO, and as regards the other grants, according to the President and CEO's recommendations to the Committee based on all of the following criteria: the nature of the position, the degree of responsibility, the performance, and the number of options having already been granted to this key employee.

During the fiscal year ended November 30, 2010, the Board approved the grant of a total of 20,000 options to the Plan participants, 20,000 options of which were to the NEOs. See "Stock Option Plan" of this circular for the terms and conditions relating to the options, including the exercise price and vesting conditions.

The value of options granted to the NEOs is competitive with the median of the value of long-term incentive grants made by corporations in the comparative group, and the total direct compensation (the sum of the salary, the paid annual bonus, and the estimated value of the option grant) is competitive with the range between the median and the third quartile of the comparative group for the President and CEO and the Vice-president and CFO, and with the median for the other NEOs.

Retirement allowance for the President and Chief executive officer

Based on the report prepared by PCI, with respect to compensation plans of the President and Chief Executive Officer, the Committee recommended to the Board of Directors the establishment of a retirement allowance for the

President and Chief Executive Officer. On July 8, 2010, the Board of Directors authorized the establishment of a retirement allowance for Mr. Richard Lord in order to align his total compensation with reference market practices, to recognize his many years of service and to encourage him to remain active within Richelieu. Mr. Lord did not receive any options pursuant to the Option Plan in January 2010, as in the past years, in light of the establishment of this retirement allowance. The retirement allowance granted includes the following:

- an allowance of \$1.7M if he were to retire starting on July 8, 2010;
- an allowance of \$1.8M for a retirement starting on December 2011.

The retirement allowance will thereafter be increased by \$100,000 each year, for a total allowance of \$2.3M on December 1, 2016.

In addition, a bank letter of credit was issued to guarantee the payment of this allowance.

Performance Graph

The following graph compares the total cumulative shareholder return of \$100 invested in the Company's Common Shares with the cumulative return on the Toronto Stock Exchange Composite Index during the five fiscal years ending November 30, 2010, i.e., from December 1, 2005 to the end of the fiscal year ended November 30, 2010.

	FINANCIAL YEARS ENDED					
	November 30, 2005	November 30, 2006	November 30, 2007	November 30, 2008	November 30, 2009	November 30, 2010
The Company	100.00 \$	109.08 \$	106.86 \$	74.18 \$	100.76 \$	145.48 \$
S&P/TSX Capped Consumer Discretionary - Total Return	100.00 \$	116.42 \$	121.95 \$	78.43 \$	86.70 \$	111.57 \$
S&P/TSX Composite - Total Return	100.00 \$	118.70 \$	130.58 \$	91.06 \$	116.33 \$	135.28 \$

During the past five years, the total cumulative return on an investment in Richelieu shares is, generally speaking, parallel to the S&P/TSX Capped Consumer Discretionary and Composite Indexes. That being said, returns on Richelieu started to decrease in 2007, similar to the Consumer Discretionary Index but earlier than the S&P/TSX Composite Index.

On the whole, the compensation granted to Richelieu's NEOs evolved in parallel with the return on investment in Richelieu's shares at the start of the 2005 fiscal year. On average, the modest salary increases were consistent with average salary increases in the market, and, in some cases, reflected additional responsibilities. Also, in 2008, considering the acquisition strategy and the increasing geographic scope of Richelieu's operations, the Vice-president

and General Manager- Operations position was created. The salary for this position is higher than that the position of the NEO replaced. Furthermore, no salary increases were granted during the 2009 fiscal year. Given the addition of the Vice-president and General Manager- Operations position, the total incentive compensation, that is, the sum of the value of the stock option grants and the bonuses paid, was reduced for the 2008 and 2009 fiscal years, which corresponds to a one-year delay on the return on an investment in Richelieu. However, the board of directors granted bonuses totalling \$1,118M to the NEO for achieving the objectives and the expected financial results set out at the beginning of the year.

- 1) The amounts represent the value of Company contributions toward the purchase of shares over and above shares purchased by the NEO under the Company's Share Purchase Plan (see "Long-term Incentive Plan (Share Purchase Plan)").
- 2) This amount is equal to the number of options granted on January 28, 2010 multiplied by \$6.54, which corresponds to the fair market value of the options as determined under the Black-Scholes-Merton model, an established methodology, using the following assumptions (that is, the same assumptions as those used to determine the accounting expense related to the option grants for the purposes of the Company's financial statements for the year ended November 30, 2010):
 - (i) exercise price: \$22.92
 - (ii) risk-free interest rate: 3.83%

 - (iv) volatility: 25%
 - (v) dividend yield: 1.56%

Indirect benefits and

other personal benefits which, in the aggregate, do not exceed the lesser of the following amounts: (i) \$50,000 and (ii) ten percent of the NEO's total annual salary for the fiscal year are not included in the column entitled "All Other Compensation".

This value has not been, and may never be, realized. The actual gain, if any, will depend on the value of Common Shares on the dates the options are exercised (see "Long-term Incentive Plan (Options)").

This value has not been, and may never be, realized. The actual gain, if any, will depend on the value of Common Shares on the dates the options are exercised (see "Long-term Incentive Plan (Options)").
- 2) This amount corresponds to the amount set forth in the "NEOs' Compensation – Summary Compensation Table."

Benefits in the Case of Cessation of Service or Change of Control

There is no contract, arrangement, or any other understanding with respect to employment, termination of employment, a change of control, or a change in responsibilities following a change of control, between the Company and any of the Company's executive officers.

STOCK OPTION PLAN

On July 13, 1993, the Company established a Key Employee Stock Option Plan (the "Plan") in order to attract and retain highly qualified directors and employees who will be motivated toward the success of the Company and to encourage them to share ownership in the Company.

The individuals who are eligible to receive options to purchase Common Shares under the Plan are directors, senior executive officers and key employees of the Company and its subsidiaries, as determined from time to time by the Human Resources and Corporate Governance Committee of the Board of Directors. An Optionee may be granted more than one option, provided such Optionee does not hold Options on more than five percent (5%) of the outstanding Common Shares. Options granted pursuant to the Plan cannot, under any circumstances, be transferred to third parties. Any Optionee, whether an insider or not, is subject to such restriction.

The participants to this Plan receive options that may be exercised within ten (10) years of the date of grant or on any prior date as hereinafter defined. Under the terms of the Plan, the vesting periods for the options are as follows:

- i) up to 25% of the options are exercisable one (1) year from the date of the grant;
- ii) up to 50% of the options are exercisable two (2) years from the date of the grant;
- iii) up to 75% of the options are exercisable three (3) years from the date of the grant;
- iv) up to 100% of the options are exercisable four (4) years from the date of the grant.

The Plan however provides that in the case of a change of control of the Company that results in the replacement of a non-employee director of the Company, all options then held by such person vest immediately in spite of the periods hereinabove provided for in paragraphs i) to iv).

Moreover, the Plan provides that if the Company is to be merged with another entity or acquired by such entity by way of a merger, a sale of all or substantially all of its assets or otherwise (the "Acquisition"), the Committee or the Board of Directors of any entity that assumes the obligations of the Company pursuant to the Plan (the "Successor Board") shall, as to the outstanding options, i) provide for the appropriate reserves for the conversion of such options by fairly replacing the then underlying shares by the consideration payable for the outstanding Common Shares pursuant to the acquisition or ii) upon written notice to Optionees, provide that all options shall be exercised, if and when they may then be acquired and exercised, during a given period following the date of such notice, at the end of which the options shall be terminated; or iii) terminate all options in exchange of a cash payment equal to the amount by which the fair market value of the shares underlying such options (if and when they may then be acquired and exercised) exceeds their option exercise price.

Any Plan participant may exercise his option by paying its value at the time of exercise, then hold the share or sell it on the market and benefit from the differential between the exercise price of the option and the price of the shares.

The price at which Common Shares may be purchased will be determined by the Human Resources and Corporate Governance Committee but may not be less than the weighted average price of the Common Shares traded on the Toronto Stock Exchange (the "TSX") during the five (5) business days immediately preceding the date of the grant.

The Plan presently provides that, unless the Board rules otherwise, options granted pursuant to the Plan expire no later than the tenth (10th) anniversary of the date of grant and all unexercised options expire and terminate and have no further effect after the tenth (10th) anniversary of their grant or, if one of the following dates is earlier, at such earlier date: i) in case of termination of employment of an Optionee, within thirty (30) days following the date of termination if such termination is without cause; ii) in case of dismissal for cause, the option must be exercised the next business day following the date of the written notice of termination; iii) if the Optionee is a non-employee director of the Company and stops acting as a director, he may exercise his option at any time within thirty (30) days following the release of the quarterly results following the date on which he stops acting in such capacity; and iv) if an Optionee deceases, any portion of the options he held, that has not vested on the date of death, vests immediately so that the

options of the deceased Optionee may be exercised by the legal representative(s) of the Optionee at any time during the one hundred and eighty (180) days following the date of death.

As per the TSX standards, any amendments to the Plan must be approved by the Board of Directors, the TSX and the shareholders by way of resolutions adopted at a special meeting.

The following table indicates the outstanding options and options available under the Plan as of November 30, 2009:

Total Number of Options Pursuant to Plan	Total Number of Reserved Shares	Outstanding Options	Average Exercise Price of Outstanding Options	Available Options
2,396,000	1,187,575	918,300	\$20.44	269,275

When the Plan was initially adopted in 1993, a maximum of 599,000 Common Shares were reserved for issuance of shares pursuant to such Plan. On April 9, 1999, and July 20, 2001, Common Shares were subdivided, which increased the number of Common Shares reserved for issuance pursuant to the Plan to 2,396,000. As of February 18, 2011, 921,800 options are outstanding, representing 4.4% of the issued and outstanding securities and, as at the same date, the total number of reserved shares is 1,171,075 shares, representing 5.5% of the issued and outstanding shares of the Company. It is important to mention that the Company has bought back 696,000 shares from December 3, 2009 to December 4, 2010, thus increasing the number of options compared to the total number of issued and outstanding shares of the Company.

Appendix A: Corporate Governance Disclosure

Board of Directors

The Board of Directors, through its Human Resources and Corporate Governance Committee, established that seven (7) of the eight (8) directors, namely: Mr. Pierre Bourgie, Robert Chevrier, Ms. Denyse Chicoyne, Mr. Robert Courteau, Mr. Jean Douville, Mr. Mathieu Gauvin and Mr. Jocelyn Proteau are considered independent as they are not, and were not in the past, party to any material relationship with the Company, its subsidiaries or controlling shareholder that may, in the opinion of the Board of Directors, interfere with the independent judgement of the director.

The duties of the Chair of the Board, which are outlined in the Charter of the Board of Directors, can be found in Appendix B of this Circular and are summarized in Appendix C, are currently assumed by Mr. Robert Chevrier.

The majority of the directors are independent. However, to ensure that the Board of Directors remains independent in its judgement, the independent directors hold in-camera meetings after each Board meeting or more frequently, should the need arise, without the presence of management and non-independent directors.

Five (5) independent directors meetings were held during the fiscal year ending on November 30, 2010.

The other directorships of the directors of the Company is presented under the section "Information about Nominees Proposed for Election as Directors" on pages 6 and following of this Circular.

The attendance by the directors to Board and committees meetings held over the course of the fiscal year ending November 30, 2010, is listed in the section "Information about Nominees Proposed for Election as Directors" beginning on pages 6 and following of this Circular.

Mandate of the Board of Directors

The mandate of the Board of Directors can be found in Appendix B of this Circular.

Position Description

The Board of Directors has developed written position descriptions for the Chair of the Board and the Chair of each Board committee. The responsibilities of the Chair of the Board are listed in the Charter of the Board of Directors that can be found in Appendix B of this Circular. A summary of the description for the Chair of the Board and for the Chair of each committee appears in Appendix C of this Circular.

The Human Resources and Corporate Governance Committee reviews, on an annual basis, the description of the duties of the President and Chief Executive Officer and other senior officers and provides recommendations to the Board of Directors. Furthermore, such committee reviews, on an annual basis, the objectives that the President and Chief Executive Officer are asked to meet, evaluates his performance following the established criteria, and provides recommendations to the Board of Directors. However, the Human Resources and Corporate Governance Committee decided it is not necessary at this point to adopt a written job description for the President and Chief Executive Officer.

Orientation and Continuing Education

The Chair of the Board provides all new directors with all the documentation pertinent to the affairs of the Company including in particular historical public information about the Company, by-laws, the previous minutes of the Board and of its relevant committees, the Code of Ethics of the Company and its various policies. Moreover, through the meetings they attend and discussions with the directors and members of management, new directors can familiarize themselves with the activities of the Company.

Finally, to ensure the continuing education of its directors, presentations on various aspects of the Company's operations and the industry in general are offered by members of the management to the directors during the meetings of the Board.

Business Ethics

On January 26, 2005, the Board of Directors adopted a Code of Ethics to which all employees, executives and directors of the Company must comply. This Code of Ethics is available on the SEDAR Website (www.sedar.com). It can also be obtained upon request from the Company's Vice-president and Chief Financial Officer at 7900 Henri-Bourassa Blvd. West, Montréal, Quebec, H4S 1V4.

The management of the Company will take all reasonable measures to ensure that employees, executives and directors comply with the Code of Ethics and to react adequately and promptly to reported violations. The Board, through the Human Resources and Corporate Governance Committee (the "Committee"), is responsible for monitoring compliance with the Code of Ethics.

Additionally, the Audit Committee has elaborated a whistle blowing policy relative to questionable accounting or auditing practices whereby employees, under the protection of anonymity and on a confidential basis, can report to the Chair of the Audit Committee reprehensible practices concerning accounting, internal controls, auditing matters and possible violations of the law. The reporting may be done directly by mail, phone, or email, or indirectly through their immediate superior or the Human Resources Manager.

Selection of Nominees for Election to the Board of Directors

The Human Resources and Corporate Governance Committee (the "Committee") recommends to the Board candidates for the position of director. This Committee is comprised of three (3) independent directors: Mr. Jean Douville (Chair), Mr. Robert Courteau and Mr. Jocelyn Proteau. Mr. Robert Chevrier acts as ex-officio member of this Committee.

To fulfil this responsibility, and pursuant to its written mandate, the Committee takes into account the size of the Board, the Company's needs as well as the particular skills and qualifications of the members already on the Board. Guided by the strengths of the Board and the evolution of the Company's needs, the Committee determines what qualifications, aptitudes and personal qualities are sought in directors to add value to the Company.

Compensation

The responsibilities normally assigned to a compensation committee are assumed by the Human Resources and Corporate Governance Committee (the "Committee"), as more fully described in the previous section, "***Selection of Nominees for Election to the Board of Directors***".

The mandate of the Committee is to evaluate the senior officers of the Company and to recommend to the Board their employment terms and their level of compensation. To establish the compensation of directors, the Committee considers the time devoted to the Company, and the compensation, risks, and duties of comparable positions.

Other Board Committees

The Board's standing committees include the Human Resources and Corporate Governance Committee and the Audit Committee. The committee charters are available on the SEDAR Website (www.sedar.com).

Evaluation

The Human Resources and Corporate Governance Committee implemented a procedure to assess the Board of Directors and its committees as well as the Chair of the Board. The evaluation is performed by way of a questionnaire that is forwarded to every director. The results are collected by the Chair of the Board and communicated to the directors.

Appendix B: Mandate of the Board of Directors

This Appendix reproduces in full the Charter of the Board of Directors of the Company, as approved by the Board of Directors on January 25, 2006 and approved again each year.

3.3 Independent directors

Subject to the exceptions prescribed by the laws, regulations, policies, guidelines or standards of applicable securities authorities and stock exchanges on which shares of Richelieu are traded (collectively the “Applicable Standards”), the majority of Board members must be “independent” directors (as such term is defined in the Applicable Standards for boards of directors).

3.4 Conditions for Board membership

The quorum required for any meeting is the majority of members of the Board.

4.5 Closed sessions

All regular meetings of the Board will provide for a closed session, at which no member of management is present, in order to ensure a free and open discussion between the external directors.

5. DUTIES AND RESPONSIBILITIES OF THE BOARD

The Board discharges its duty to oversee the management of Richelieu by delegating to the senior officers of Richelieu responsibility for the day-to-day management. The Board discharges its duty both directly and through its committees — the Audit Committee and the Human Resources and Corporate Governance Committee. In addition to the regular committees, the Board may periodically appoint ad hoc committees to address certain issues of a more short-term or urgent nature.

When it delegates matters for which it is responsible to Board committees, the Board nonetheless maintains its oversight role and ultimate responsibility for the matters in question and any other delegated duty.
