

Red Oak Veneer

Product # 05489610R

Back Paper 010

Packaging Specifications Flat Pack

Width 48 in

DESCRIPTION

CEDAN genuine wood veneers are premium flat-cut veneers that have been book-matched, tenderized, pre-sanded, and carefully laminated to one of several quality backings under heat and pressure. These backings provide an impervious barrier that prevents adhesive from penetrating to the wood surface, ensuring that your finishing materials do not affect the adhesive bond.

Sold unvarnished.

ADVANTAGES AND BENEFITS

Flexibility: Flexible product suitable for applications with small radius curves.
GREENGUARD Certification: Providing LEED credits for your projects Unique and original project: Each sheet is unique with variations of patterns and colors in essence.
