IMPORTANT INFORMATION

The recessed ceiling line is composed of many components including trims, bulbs, fixtures (recessed can), insulation boxes, and vapor barriers. Each component is sold separately. For the list of options available for your recessed ceiling lighting solution, please see below under Suggested Products. Recessed ceiling lighting made easy: Step 1: Select your trim finish. Step 2: Select your fixture type: line-voltage GU10 (#1020060 or #1020700) models. Step 3: A new insulation box is required for ceilings with insulation on top (#1020400E). Step 4: Don't forget your light bulbs: line-voltage GU10 (#101050).
