

A/B Graded Drawer Side - No Finger Joint

Product # 1071859ABNF

Height 7 1/8 in

Length 59 in

DESCRIPTION

Birch drawer side, pre-finished with an ultraviolet-cured lacquer for high resistance to shocks and scratches.

Of A/B graded quality, the exterior of this lateral facade is made of A quality wood that can have some sound knots and some mineral traces while the interior side is made of B quality wood and can have a little more sound knots and mineral traces. The product panels are made from a not jointed material.

Of B/A graded quality, the interior of this lateral facade is made of A quality wood that can have some sound knots and some mineral traces while the exterior side is made of B quality wood and can have a little more sound knots and mineral traces. The product panels are made from a not jointed material.

The product panel is made from one or several pieces of solid wood, all full on their length and defined by product code "NF".
Perfect for rabbet joint and dovetail assemblies. Adapted for Blum Tandem slides.
