

## Wide Sanding Belts

**Product #** 1403760060

**Grit** 60

**Grit Texture** Coarse

**Length** 60 in

### DESCRIPTION

Richelieu offers a complete line of high-performance wide belts for all types of hardwoods, softwoods, and manufactured panel products. The choice between cloth- and paper-backed belts depends on the type of wide belt sanding machine and the amount of sanding pressure needed for the operation. Belts are carefully joined with a smooth, bump-free butt splice that ensures an optimum finish and a long belt life.

Features:

- Light brown aluminum oxide abrasive
- Full resin bond system
- X-weight cotton backing
- Open coat
- Belts may be reversed in direction to obtain maximum performance.

### ADVANTAGES AND BENEFITS

- Uniform scratch pattern - Increased strength - Resists loading
