

146BC Bypass Door Hardware Kit - with Track

Product # 14696BC

Overall Length 96 in

Door Width Max. 48 in

DESCRIPTION

Allows doors to move easily

The Onward 146BC Bypass Door Hardware Kit with Track includes everything you need to install bypass sliding doors in your home. The kit includes a sliding door track, adjustable floor guide, four dial-adjust door hangers, two brass-plated finger pulls and fasteners. Install your doors quickly and easily using a drill and screwdriver: no other tools are required. The included parts allow you to make adjustments for different door thicknesses. The track is jump-proof and made of corrosion-resistant galvanized steel, ideal for humid environments. The kit comes in various sizes designed for use with common door widths. Simply choose a kit based on the width of your doors. This kit is also ideal if you need replacement parts to repair an older bypass door.

Use the Onward Bypass Door Hardware Kit to install bypass doors in your bathroom, closet, wardrobe, bedroom, or any other interior space. Fashionable and practical, bypass doors are also ideal for tight spaces that can't accommodate a regular hinged door.

ADVANTAGES AND BENEFITS

Dial-adjustable door hangers simplify door adjustment and alignment. V-shaped track is jump-proof and constructed of corrosion-resistant galvanized steel.

TECHNICAL SPECIFICATIONS

Product #	14696BC
Door Material	Wood
Door Movement	Straight Sliding

Door Installation	Top Hung
Number of Doors	2
Door Height	36 to 98 in

INCLUDED PRODUCT(S)

Each kit includes: 1 sliding door track 1 adjustable floor guide 4 dial-adjust door hangers 2 brass plated finger pulls Necessary fasteners

IMPORTANT INFORMATION

Pictures provided for visual reference only: actual product may vary. All required hardware should be ordered and obtained prior to initiating fabrication or installation work. Please verify that the parts and quantities listed in your order are correct before proceeding to checkout. Always use instructions provided by the manufacturer, as included with the product. Manufacturer reserves the right to amend, modify, or otherwise supplement any previously issued product and/or technical information, as deemed required from time to time, without prior notice. The documentation, drawings, and instructions on this page apply to the system described on this page only. Richelieu expressly declines all responsibility for any design or construction that combines this system with systems from this same manufacturer or systems from other manufacturers. Installation of the product shall be executed by qualified individuals only, always ensuring that each product is securely installed using proper fixation methods, as appropriate for each applicable substratum. We trust that anyone installing these products has the required skills, knowledge, and experience. Richelieu expressly disclaims any liabilities for results obtained through improper use or installation. Always remove debris/dust/residue (sawdust and/or aluminum) from all tracks and guide channels using a dry cloth during installation and before operating the system. Never spray lubricant.
