### IMPORTANT INFORMATION

At the base of the Smally light, there is a clip system to remove the cable from the light. If you just pull on the cord, you will damage the cord and clip system. For those customers who have had this issue, we now have a replacement cable so that the light can still be of use with new replacement 79" cable

### INCLUDED PRODUCT(S)

Only 79" power cord to connect the light to the power supply is included

### DISCLAIMER

Product information subject to change without notice Smally light sold separately
