ADVANTAGES AND BENEFITS

- Kalabrone Mini is designed for vertical adjustment through the oval hole positioned on the upper bracket.
- The soft element made of engineering plastic positioned on the upper and the lower bracket, guarantees perfect adhesion to the shelf, preventing accidental removal of the shelf.
- The system's solid structure guarantees a load capacity of 6 kg (including the weight of the glass shelf) for each support with a shelf 150 mm deep.
- The two available finishes (satin nickel and bright chrome) will add a touch of elegance and distinction to your room.
- A locking device allows the glass to be firmly in place.
- Exclusive to Richelieu.
