

PULL-DOWN System for Upper Cabinets

Product # 17450100

DESCRIPTION

A cluttered work surface limits the space used for cooking or preparation space. This mechanism, installed at the rear of an upper cabinet, can be pulled down easily and smoothly and gives you instant access to all spices and smaller utensils you might need during meal preparation.

ADVANTAGES AND BENEFITS

- Maximizes space and creates easy accessibility.
- Cycle test: 30,000 times.
- Load capacity: 1.5kg (3.3lb).
- Made of solid material: steel, aluminum, ABS - Grey and chrome colors: can be harmonized with any type of cabinet style.
- Disappears completely inside the cabinet once stored.
- Constant force springs ensures smooth maneuverability with less effort
