IMPORTANT INFORMATION

IMPORTANT: Use metric dimensions for greater accuracy during installation. Cut a groove 10 mm x 10 mm (3/8 in x 3/8 in) at the bottom of the door. Pictures provided for visual reference only: actual product may vary. All required hardware should be ordered and obtained prior to initiating fabrication or installation work. Please verify that the parts and quantity listed in your order are correct before proceeding to checkout. Always use instructions provided by the manufacturer, as included with the product. Manufacturer reserves the right to amend, modify, or otherwise supplement any previously issued product and/or technical information, as deemed required from time to time, without prior notice. The documentation, drawings, and instructions on this page apply to the system described on this page only. Richelieu expressly declines all responsibility for any design or construction that combines this system with systems from this same manufacturer or systems from other manufacturers. Installation of the product shall be executed by qualified individuals only, always ensuring that each product is securely installed using proper fixation methods, as appropriate for each applicable substratum. We trust that anyone installing these products has the required skills, knowledge, and experience. Richelieu expressly disclaims any liabilities for results obtained through improper use or installation. Always remove debris/dust/residues (sawdust and/or aluminum) from the rails using a dry cloth before installing carriage bearings. Never spray lubricant on this product.

DISCLAIMER
