

2132 - Partial Extension Ball Bearing Slide - 34 kg (75 lb) Capacity

Product # 21322G10

Length 10 in

Packaging Specifications Not Applicable

DESCRIPTION

Shallow yet smooth motion hardware. Engineered with a low profile and a lever disconnect, the 2132 model sets a new standard for the ¾-extension slide. Ideal for small, shallow drawers in office desks, bathrooms, and kitchens, this solution keeps supplies and utensils readily available, day in and day out.

Backed by BHMA & AWI certification, the 2132 also boasts a hold-in detent and patented Cam Drawer Adjust for precise vertical adjustment. No matter the frame or fixture, this shallow drawer solution ensures high-performance for long-term, daily use.

TECHNICAL SPECIFICATIONS

Product #	21322G10
Load Capacity	75 lb*
Motion Technology	Hold-In
Slide Extension	Partial Extension
Partial Extension	¾
Slide Mounted	Side Mounted
Bearing Type	Ball Bearing
Material	Metal
Finish	Zinc
Side	Both
