INCLUDED PRODUCT(S)

Mounting hardware included.

APPLICATION

A heavy-duty hook for hanging coats, hats, and more. For maximum loading capacity, hooks should be mounted directly to wall studs, generally found at 16" intervals. If hooks are not mounted to studs, use appropriate drywall anchors (not included with hooks). Hooks come with plastic anchors that may not adhere to all types of walls. The installer is responsible for ensuring that appropriate anchors are used.

DISCLAIMER

Although our oil-rubbed bronze finish is achieved by means of a rigorous production process, it may show signs of normal wear faster than other finishes.
