

Tube Pull Handle - Back-to-Back Mounting

Product # 24620700270090

Color/Finish Black

Material Steel

DESCRIPTION

Comfortable grip

Tube Pull Handle with through bolt fasteners for back-to-back mounting to a wood door. Includes two through bolt fasteners for wood doors with 1 3/8 in (35 mm) to 1 9/16 in (40 mm) thickness. A series of washers and rosettes help to resist compression and damage to the surface of the door when installed. Select from two different finishes that match our collection of Decorative Barn Door Sliding kits in brushed stainless steel and matte black. See the Suggested Products below to explore a list of popular Decorative Barn Door Sliding kits and systems. The Tube Pull handle has a comfortable and secure grip for both residential and commercial interior door applications for swing, pivot, and sliding wood doors. Ideal for bathrooms, home offices, bedrooms, boardrooms, and meeting rooms. For an installation tip, pre-drill holes carefully for the through bolts from both surfaces of the door to avoid material blow out.

ADVANTAGES AND BENEFITS

Can be used for swing, pivot, and sliding doors. Two different finishes that match and are complementary to the standard selection of barn door sliding systems. Washers and rosettes help to resist compression and damage to the surface of the door when installed. Set screws for discreet mounting. Comfortable and secure grip.
