

LeMans Post and Hardware for 4 Shelf System

Product # 2504100

DESCRIPTION

The LeMans II highboard post allows the installation of 4 shelves in a blind corner cabinet.

ADVANTAGES AND BENEFITS

- Post comes with 2 rails for mounting (connector to assemble the 2 rails is included).
- Installation dimensions remain the same as a standard Lemans II application except for the height. For a 4 shelf system, a minimum internal height of 1,265 mm (49 7/8") is required.
- Installs 4 Lemans II shelves (sold separately) in a middle unit, so storage is at your fingertips.
- For a complete set, order 2 standard Lemans II system + 1 highboard set #2504100.
- The post and hardware of the highboard version replace those included in the standard set.

TECHNICAL SPECIFICATIONS

Product #	2504100
