

CLICK STOP: DRAWER OR SHELF LOCKING MECHANISM

Product # 2666906

DESCRIPTION

An automatic lock system for drawers or pull-out shelves

This locking mechanism can be installed on any wooden drawer or pull-out shelf that uses undermount slides. It is also compatible with our FIORO EXTENDO pull-out drawers.

Click Stop is ideal for creating a temporary fixed shelf under a microwave cabinet or to pull out a small kitchen appliance from a cabinet and safely use it place. Also great for creating an added working surface in the laundry room or walk-in closets.

ADVANTAGES AND BENEFITS

- Transform a pull-out shelf or drawer into a fixed, stable surface in one simple movement
- The drawer or shelf can easily be unlocked by gently pulling towards you and then pushing back into closed position
- Easy to operate one-handed
- Can be retrofitted
- 1" (25 mm) spacer is also available for face frame applications (2 spacers required, sold separately)

TECHNICAL SPECIFICATIONS

Product #	2666906
Finish	Anthracite
Height	2 5/32 in*
Width	7 in*
Depth	23/32 in*
