

Cover Plug for Hinge Hole

Product # 330060992

Finish Maple

DESCRIPTION

Cover plugs provide a clean and finished appearance to hinge holes. They conceal unsightly openings and create a polished and professional look, improving the overall aesthetics of cabinets, doors, and furniture.

ADVANTAGES AND BENEFITS

- Cover plugs protect hinge holes from dust, dirt, moisture, and potential damage. This is especially important in kitchen and bathroom cabinets where exposure to humidity and spills is common. - Easy to install. They can be inserted or pressed into place, offering a quick and hassle-free solution for covering hinge holes.
