Richelieu

Window Points

Product # 4528XR

DESCRIPTION

These window glazing points securely hold window glass in wooden frames. Designed to make sealing windows and doors with glazing and caulking compounds easy. Quick to install for the finishing touch in any room.

TECHNICAL SPECIFICATIONS

Product #	4528XR
Finish	Zinc
Production material	Steel

APPLICATION

No special tools needed. Simply push the points in with a putty knife, chisel, or screwdriver. Points have super sharp edges for easy sash penetration. Use push points for wood sash glazing, greenhouses, picture frames, and mirrors.
