### DESCRIPTION

A275 No-Fil PSA paper rolls are exceptional for dry sanding applications. Non-pigmented stearate (No-Fil), open coat reduces loading, with no color transfer to work surface.

Premium P-graded, heat-treated aluminum oxide abrasive for superior life and consistent finish. P-graded grain achieves a more consistent, uniform scratch pattern and superior bond system optimizes grain adhesion and extends cut life.

Roll is 4-1/2 in in width, 10 yards in length.

### ADVANTAGES AND BENEFITS

- High strength - B-weight latex backing for superior strength - Reduced edge wear - Tear resistant. - Pressure Sensitive Adhesion (PSA)-backed for easy mounting and removal: can be peeled off easily and quickly stuck on at any length - Use on hand sanding blocks, file shoes or file boards
