

Convertible Fixed Mount CPU Holder

Product # 500159890

DESCRIPTION

- The Richelieu Convertible CPU Holder features a three-step conversion process to change from vertical to horizontal, allowing for the accommodation of both desktop and tower CPUs.
- This unit is our most versatile and accommodating CPU holder.
- This adjustable CPU holder is designed to support and mount a computer tower to a workstation.

ADVANTAGES AND BENEFITS

- This convertible CPU holder can be mounted both vertically and horizontally.
- Adjustable overall dimensions: 17 1/2 in (444.5 mm) to 22 in (558.8 mm) (Vertical configuration: height. Horizontal configuration: width).
- Adjustable overall dimensions: 9 1/4 in (234.95 mm) to 13 1/2 in (342.9 mm) (Vertical configuration: width. Horizontal configuration: height).
- Vertical load capacity: 65 lb (29.48 kg).
- Horizontal load capacity: 35 lb (15.87 kg).
- Mounts under desk with screws for quick installation.
- Simple assembly adjusts to various CPU sizes. Adjustable height of 15 in (381 mm) to 19 in (482.6 mm), adjustable width of 5 1/2 in (139.7 mm) to 9 25/32 in (248.44 mm).
- Three-step conversion process to easily accept horizontal desktop CPUs or vertical tower CPUs.

TECHNICAL SPECIFICATIONS

Product #	500159890
Load Capacity	35 to 65 lb
Width - Overall Dimensions	9.3 to 13.5 in
Depth - Overall Dimensions	5.3 in
Height - Overall Dimensions	17.5 to 22 in
Finish	Black
Material	Steel

IMPORTANT INFORMATION

Please note that the dimensions above refer to the vertical configuration.
