Power Supply 24V 15W

Product # 52415

DESCRIPTION

- 1-15W max
- 120Vac, 24Vdc

TECHNICAL SPECIFICATIONS

Product #	52415
Lighting Type	LED
Finish	White
Watts	15 W
Standards and Certifications	UL
Length	5 7/8 in
Width	1 7/8 in
Tension (V)	24 V

APPLICATION

- Dry locations only

INCLUDED PRODUCT(S)

- 73-3/4" power cord

IMPORTANT INFORMATION

Always connect the LED light to the power supply first and then connect the power supply to the mains: failure to do so may cause damage to the existing diode. Do not exceed the maximum wattage by connecting more lights than prescribed, as damage to the power supply may result.

DISCLAIMER

Richelieu grants no warranty on LED lights if another power supply other than the one specifically prescribed for this product is used. Do not cut or splice wiring or the lighting system may be damaged and manufacturer's warranty is voided. The power supply has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified technician. Never use an extension cord unless the plug can be fully inserted. Do not alter the plug.
