

Internal Conversion Kit

Product # 5601143100

Additional Information Inside Conversion Kit

Packaging format Per unit

DESCRIPTION

Non-ducted models require no external exhaust duct assembly, as the air is recycled into the room through a metallic filter that retains grease and a charcoal filter that purifies the air. Once the odor is removed, air is released into the room. Perfect for apartments.

TECHNICAL SPECIFICATIONS

Product #	5601143100
Material	Metal
Solutions	Hoods and Ventilation
Area of Activity	Cooking
