

TANDEM plus 563H Full Extension Concealed Undermount Slide with Blumotion for Face Frame Cabinet

Product # 563H4570B

Length 18 in*

DESCRIPTION

New This product provides four-dimensional adjustment:

- Side-to-side, 1.5 mm (front and rear)
- Height, 3 mm
- Tilt, 5 mm
- Depth, with optional locking device, 3/32 in (2.5 mm)
- Depth, with elongated holes, plus or minus 11/16 in (4.5 mm)

Maximum drawer thickness of 5/8 in (16 mm)

ADVANTAGES AND BENEFITS

- Integrated BLUMOTION soft-close. - Wide range of drawer lengths from 9" to 30", in 3" increments. - Bottom mount holes for mounting to a fixed shelf or a flush bottom cabinet. - Available for standard and heavy-duty applications. - Excellent stability and less sag even when drawer is fully loaded. - Bearing block for consistent reveal even in fully loaded drawer. - Rear notch increases to 35 mm to accommodate new side-to-side adjustment. - Same drawer box construction as the current TANDEM runners. - Same drilling pattern as current 562/568 TANDEM plus BLUMOTION concealed runners.
