

3" Magnetic Door Stop

Product # 67ANR

Color/Finish Antique Nickel

Packaging format Blister

DESCRIPTION

Protects walls from swing of door and keeps door open

This magnetic door stop is used to protect your walls from the swing of the door thanks to its powerful magnets. In addition to preventing damage to walls and doors, this magnetic door stop also allows the door to remain open. Easy to install, and available in a variety of stylish finishes.

ADVANTAGES AND BENEFITS

Easy to install. Magnetism allows the door to remain open, with 5 lb of holding force. Prevents wall and door damages.
