

Abrasive Roll Fibratex/Bear-Tex

Product # 7100010430

DESCRIPTION

This versatile finishing material saves you time and money. Applications include sealer sanding, highlighting, wiping stain, defuzzing, preparing surfaces for paint, and topcoat rubbing. This product is non-rusting, load-resistant, flexible, waterproof, cleanable and cool-cutting. Richelieu offers Fibratex/Bear-Tex in 4" x 30' rolls and 6" x 9" hand pads. This product can easily be cut to size and is available in a variety of grades to suit any application.

- Features:
- Low-density, non-woven nylon impregnated with abrasive grain.

- Benefits:
- Excellent flexibility and conformability.
