LEGRABOX kit packaging

Simplify your next build with Blum's first ever product kit.

Created exclusively for LEGRABOX and inspired by customer feedback, the LEGRABOX single-drawer kits were developed to make ordering and using LEGRABOX easier than ever. Each kit includes everything you need to build one LEGRABOX drawer, so you never have to wonder if you ordered everything correctly. Available now.

Each kit includes a set of drawer profiles, cabinet profiles, rear fixing brackets, front fixing brackets, cover clips and detailed instructions for assembly.

The LEGRABOX kits are available in Orion gray, silk white and stainless steel. They also come in a variety of drawer heights, load capacities and lengths, making it a versatile program.
