

## Fastedge Peel & Stick PVC Edgebanding - Antique White

**Product #** 90345034

### DESCRIPTION

Fastedge is peel-and-stick edgebanding that works! This product is the perfect solution for field repairs, inside and outside radio, scribe tape, and countless other applications. Durable and easy to use, Fastedge is made from high-quality PVC and real wood veneers. Our high-performance, pressure-sensitive acrylic adhesive increases in strength as it cures, providing a long-lasting permanent bond. Available in standard widths of 3/4" and 15/16", custom widths of 1/8" to 5" in all stock colors, and custom colors up to 15/16".

How to use Fastedge around curves:

- 1) Peel off the backing of the Fastedge and roll onto your material using the SpeedRollerPRO.
- 2) Use a heat gun to bend Fastedge and form around corners.
- 3) You're done! Fastedge is amazing in its flexibility!
