

Thingamejig Scribing Tool

Product # 9110001

DESCRIPTION

We promise you that this tool will become your new best friend, saving you time and always giving an accurate finish. The Thingamejig scribing tool is constructed with lightweight anodized aluminum so it won't rust, with blades made from highly durable tungsten carbide.

- Scribes laminates, painted items, stone, soft metals, timber, veneers, plus much more
- Single-handed use frees up one hand to steady the item you are scribing
- Increased occupational health and safety with one free hand to steady yourself for scribing while standing on a ladder
- Allows you to accurately retrace your lines
- Reduces chipping of paint/laminate when trimming
- Reduces chipping when scribing and trimming across timber grain
- Keeps your body from being in a prone position by only requiring one hand to operate
- Unit weight: 1 pound
