

23-Gauge Galvanized Headless Pins

Product # 91462058

Length 5/8 in

DESCRIPTION

This product fits all 23-gauge nailers on the market.

ADVANTAGES AND BENEFITS

23 gauge galvanized headless pins leave virtually no visible hole or mark on the surface when driven and properly set, resulting in a clean and professional finish. Headless pins provide a strong and reliable bond, ensuring that fastened components remain securely attached.
