

SpeedTape Double Sided Adhesive Tape

Product # 915350

Width 1 1/2 in

DESCRIPTION

SpeedTape is the perfect double-sided adhesive, ideal for veneers and laminates. Simply remove the backing to ensure adhesion.

Step 1. Apply SpeedTape to the target material.
Step 2. Peel off paper backing and apply to laminate or veneer.
Step 3. Apply pressure with SpeedRoller.

The 1" ribbon is ideal for edgebanding, 2" ribbon is suitable for frame cabinets, and the 6.5" ribbon is perfect for laminates.

ADVANTAGES AND BENEFITS

Applying double-sided tape is a straightforward process. Users can cut the tape to the desired length, peel off the backing, and adhere it to the surfaces. Applying double-sided tape can be quicker than traditional methods of bonding.
