

## Digital Angle Finder Ruler

**Product #** 917455

### DESCRIPTION

The 7-Inch Angle Finder Ruler is a compact tool that measures the full range of precise inside and outside angles from 0-360° to the 10th of a degree. Plus, with its digital display, you know the exact angle you are working with.

To measure in awkward spots, the Angle Finder incorporates a "Hold" button for the display to capture the new angle measurement until the user is able to read the display.

When measuring the angle change from one work surface to another, the Angle Finder can manually zero at any angle for relative measuring.

The Digital 7-Inch Angle Finder Ruler is ideal for finish carpenters, tile setters, countertop installers, carpenters, paver installers, sheet rockers, crafters, DIYs, and anyone who needs precise inside and outside angles.
