

Direct Electric Sander with 3 mm Orbit

Product # AMID3530201US

DESCRIPTION

A powerful and compact direct electric orbital sander. At only 4 inches high, the tool's compact and very low profile provides high maneuverability and helps deliver precise and efficient sanding performance.

This small and light sander comes equipped with a brushless motor.

ADVANTAGES AND BENEFITS

- Low profile allows for easy maneuverability
- Ideal for sealer, filler and primer sanding applications
- Ideal for tight and low profile spaces
- Optimized ergonomics for a comfortable grip
- Separate on/off switch for easy and safe handling
- Easy to operate lever to control motor speed
- Fast, efficient and dust-free sanding performance

TECHNICAL SPECIFICATIONS

Product #	AMID3530201US
Weight	2.14 lb*
Type of Tool	Electric
Orbit Diameter	1/8 in*
Pad Dimension	3 in (76.2 mm) x 5 in (127 mm)
Brand	Mirka
