

Phillips Screwdriver Bit

Product # BIT600PH225

Length 6 in

Compatible Screws #8, #9, and #10

Size # 2

Features Standard

Packaging format Bag of 25 units

DESCRIPTION

The hardest metal on the market.

ADVANTAGES AND BENEFITS

- For driving fasteners in production settings. - Works in regular drills and screwdrivers
Reduced Phillips bits vs. Phillips bits: Reduced diameter tip fits deeper into the screw head
Works great in smaller diameter screws like #4/#5
