

Steel Cables

Product # BP124011

DESCRIPTION

Stainless steel cable to join and support a display shelf with fixtures mounted on the ceiling and floor and as a support for shelves. The cable is cut to the desired length with an allowance of 15 mm to 25 mm (9/16" to 1") for adjustments. The cut part is fixed to the fixtures on the floor, the shelf brackets are inserted and finally the cable is fixed to the ceiling by adjusting its tension if necessary. Once the shelves are installed, the cable tension can be adjusted through the fixtures on the ceiling or floor.

TECHNICAL SPECIFICATIONS

Product #	BP124011
Finish	Natural
Material	Steel
Capacity	79.4 lb*
Diameter	3/32 in*
Length	16 ft 4 in*
