

## Zinc Plated Metal Screw, Flat Head, Philipps Drive, Self-Tapping Thread, Type A point

**Product #** CCF0614014

**Screw Size** 14

**Length** 1 1/2 in

**Packaging format** Box of 2500

### DESCRIPTION

#### Zinc plated self-tapping screw

Recommended for thin metal, wood, plastic, resinous plywood, and various composite boards.

### ADVANTAGES AND BENEFITS

Type A self-tapping screws, commonly known as "sheet metal screws", feature a coarse thread, and can easily taps into their own hole when driven into materials such as thin metal, plastic, resinous plywood, and various composite boards. The screws have a flat head and Philipps drive, and they can be driven flush to the surface to suit your projects.
