

Suction Hose, 32mm x 3.5m

Product # FS577158

DESCRIPTION

Smooth and even more effortless for a perfect slide over every surface

The Festool Suction Hose: smooth and elastic.

Features a smooth exterior for significantly improved handling, longer service life and increased suction power.

CLEANTEC Connecting Sleeve ensures a secure fit on the tool -- you decide when it is disconnected, not chance.

Bleeder resistor (DIN IEC 312): <1 M/m

ADVANTAGES AND BENEFITS

- Robust, smooth outer skin prevents the suction hose from becoming caught - Internal, extremely elastic suction hose for maximum flexibility - Conical geometry (27 mm to 32 mm) for improved suction power - CLEANTEC Connecting Sleeve securely connects the suction hose and power tool with bayonet fitting - CLEANTEC Connecting Sleeve allows you to individually program the air flow rate with the infinitely adjustable bypass - RFID chip for automatic suction hose detection - Two suction hoses can be connected to each other for applications requiring a longer hose - Antistatic - Temperature resistant to +70 °C - Includes rotating adapter and connecting sleeve with integrated bypass - Smooth - Conical

TECHNICAL SPECIFICATIONS

Product #	FS577158
Brand	Festool
Length	11 ft 5 in*
Diameter	1 1/16 to 1 1/4 in*
Type of Tool	Accessory
