

PREMIUM CAB Wood Screw, Square Drive, Coarse Thread

Product # FTKNC17Z105HPR

Length 5 in

Point Type Type 17

Finish Zinc

Packaging format Box of 300

DESCRIPTION

Self-drilling cabinet installation screw

The main advantage of the CAB screw is its oversized flat head which provides four times the holding power of a conventional screw head. CAB screws also have self-tapping heads which can be recessed into the drilling surface when installed with an impact driver.

ADVANTAGES AND BENEFITS

- Oversized head provides 4 times the holding power of a conventional screw head - Large diameter prevents screw head from pulling through the panel - Easy self-drilling thanks to the type 17 point - Perfect fit for FastCap 9/16" screw caps - Universal size convenience with a #10 gauge (4.9 mm) diameter - Zinc coated for corrosion resistance

TECHNICAL SPECIFICATIONS

| | |
|---------------------------------|---------------------------|
| Product # | FTKNC17Z105HPR |
| Head Type | Flat |
| Drive required | Square |
| Screw Size | 10 |
| Thread Type | Coarse Thread |
| Function | Installation |
| Brand | Reliable, PWR |
| Head Size | 14.2 mm (9/16") |
