

## **Jig Inserts**

Product # INS470

### **DESCRIPTION**

#### Pack of 4

These inserts are precisely cut from high pressure laminate. Tabs on the edges match corresponding indents on the PEANUT® router jig. The tabs allow for exact positioning and orientation of PEANUT® slots. These MK2

The tabs allow for exact positioning and orientation of PEANUT® slots. These MK2 inserts have been specially designed to allow PEANUT® Jig users to take advantage of three invisible joining systems: the self-clamping PEANUT® joints, loose tenon joints, and dowel joints.
