

Jowacoll 148.6 Primer for HPL Edgebanding

Product # JW14860111

DESCRIPTION

Low to medium viscosity copolymer emulsion with excellent adhesion to coated surfaces designed for priming HPL edgebanding.

ADVANTAGES AND BENEFITS

Glue film is elastic and flexible when dry.

TECHNICAL SPECIFICATIONS

Product #	JW14860111
Type	Liquid
Adhesive for use with	Laminate
Finish/Color	Clear Transparent
Working Temperature	15 °C minimum
Temperature resistance	100 °C
Weight	9 lb
Viscosity	2000 cps
Brand	Jowat
Freeze/Thaw Stability	Keep From Freezing
Base	Copolymer Emulsion
Volume	1 gal.

APPLICATION

Designed for laminating HPL edgebanding to be bonded with Jowatherm EVA based edgebanding hot melt.
