

Zinc Plated Machine Screw, Large Truss Head, Combined Phillips Slot Drive, 8-32, Type B Point

Product # LTCPMZ832112PC1

Length 1 1/2 in

Packaging format Box of 100

DESCRIPTION

Imperial screw

This screw design offers several distinctive features that make it suitable for different fastening tasks involving metals.

The 8-32 size is commonly used in a wide range of applications and strikes a good balance between strength and versatility.

ADVANTAGES AND BENEFITS

- The large truss head provides a larger bearing surface, which distributes load over a wider area, reducing the risk of the screw head sinking into the material being fastened
- The Type B point ensures efficient and secure fastening, reducing the risk of material damage or thread stripping

TECHNICAL SPECIFICATIONS

| | |
|-------------------------------------|------------------------|
| Product # | LTCPMZ832112PC1 |
| Screw Size | 8 |
| Thread Count (Pitch/TPI) | 32 |
| Finish | Zinc |
| Thread Type | Imperial |
| Head Type | Large Truss |
| Drive required | Combined Phillips Slot |
| Drive Size | #2 (Phillips) |
| Material | Steel |
| Function | Pulls and Buttons |
| Brand | Reliable |
| Standards and Certifications | ASME B18.6.3 |
| Head Size | no. 8 |
| Threading | Full thread |
| Point Type | Type B |
| Specific Application | Handles and Knobs |
