

Rapid Pad Padding Finish

Product # M4200006

DESCRIPTION

Repairs packing marks or extensive scratches where a whole surface needs repair. French polish padding finish is applied over an original finish for restoration, rejuvenation, protection, and repair of surface finish defects. Formulated to flow freely while padding out an entire surface. Recent formula improvements have increased the durability, mar, and blush resistance of this product.

- Restoration: makes worn furniture look factory-new again.
- Rejuvenation: add new life to old finishes, antiques, etc.
- Protection: new hard finish resists marring and abrasion.
- Finish defects: eliminates surface scratches and packing marks.
