

Meganite Sink - KS 7871 (Single)

Product # MSSKS7871PW

DESCRIPTION

Meganite sinks and lavs are available in a range of prefabricated shapes and styles that can be easily combined and seamlessly integrated with Meganite Solid Surface sheets. Suitable for both residential and commercial settings, the Meganite collection was carefully selected to offer convenience and style and to serve as a unique feature in any design.

You must open a session to view the DWG and/or DXF AutoCAD.

ADVANTAGES AND BENEFITS

Seamless - creates a hygienic surface with a continuous design. Nonporous - resists the growth of mold and mildew. Durable - tough, durable material withstands intensive daily use. Stain resistant - the nonporous surface prevents stains from penetrating. Easy care - clean with warm water and soap. Warranty - 10-year limited material warranty. Meganite sinks are compatible and warranted when used with all major solid surface brands. Certified by Home Innovation Lab (NAHB) - HUD UM Bulletin No. 73a & (B45.5/IAPMO Z124 Z124.6)
