

Synchron Panel - Cobalto S63 (Oxid IIII)

Product # N74S638857490

DESCRIPTION

Synchron panels are designed to reduce bacteria living on surfaces thanks to their antibacterial properties, providing you with cleaner spaces and healthier living. The Synchron collection also offers various possibilities for modern design. CARB II particleboards are covered in a (textured) structured melamine that recreates the natural look of woodgrain and stone while providing a resistant and durable surface.

ADVANTAGES AND BENEFITS

- Thermo-structured surface on both sides for all wood grain finishes - No additional surface treatment necessary - High resistance to scratches - Excellent thermal resistance - Resistance to UV rays and fading - Antibacterial treatment on the entire surface - Easy to maintain

TECHNICAL SPECIFICATIONS

Product #	N74S638857490
Color Number	S63
Thickness	23/32 in*
Width	48 in
Length	108 in
Finish	Oxid
Collection	Synchron
Color Category	Abstract
Color Group	Gray/Black
Color Name	Cobalto
Material	Textured Melamine
Panel Core	Particle
Product available in Cabinet Doors	Yes
Antibacterial Surface	Yes
Brand	Alvic
Texture	1 Side
