

Riveo Pro Square Heavy-Duty GTW Hinge w/ Short Back Plate

Product # SH1HSQ90SW140

Finish Bright Polished Chrome

DESCRIPTION

This self-closing hinge is designed to install a glass door to an adjacent wall. The short back plate facilitates the installation on pony walls as well as allowing for glass to be cut deeper so that the panel can be installed closer to the wall. Riveo Pro offers the widest range of styles and finishes to complement any project.

APPLICATION

Designed to be used with several thicknesses of tempered glass. Regular-duty models require "mouse-ear" type glass milling for installation. Heavy-duty models require square type glass milling for installation.

IMPORTANT INFORMATION

For safety purposes, use tempered glass. The glass must be shaped according to the section plane. Always set the product in a suitable material. Never exceed the load or maximum size recommended by the manufacturer. Always order hardware before starting the job. The manufacturer reserves the right to change product and information without notice. Always follow the instruction manual provided in the packaging. The drawings and technical instructions show mounting examples using hardware from different manufacturers. Richelieu expressly declines all responsibility for any design or construction based on these documents. Installation must be done by qualified personnel.
