

Hanging System for Libra H7

Product # WEBKIT1214289

Fixing Type Screw fixing

Compatible Material Concrete

DESCRIPTION

Medium & Heavy Duty Loading Capacity

Libra H7 is the latest development in the cabinet hanger program. Specially designed for wall-mounted cabinets with heavy loads or particularly deep drawers.

This versatile system is the ideal choice for your new vanity, kitchen cabinet, or commercial display project.

ADVANTAGES AND BENEFITS

- Aluminium profile can be recut and drilled. - Safe: locking device included. - Flexible: vertical adjustment: 13 mm; depth adjustment: 12 mm. - Robust: each set (pair of 2 brackets) can easily support up to 210 kg (462 lb). - Ingenious: the slim side bracket wings never interfere with the slides for drawers. - Optional: aluminum profile can be re-cut and drilled. - Distributes weight evenly on the wall. - Allows the installation of a rear panel of 4 mm or 8 mm. - Exclusive to Richelieu.
