IMPORTANT INFORMATION

The internal minimum width required depends on the baskets and accessories selected. Refer to product datasheet for more information. Baskets, wine bottle rack, and spice tray are sold separately. The indicated number of baskets required is based on the usage of baskets only. The height can vary according to the height of stored products. If you use wine bottle racks and/or spice trays (see Suggested Products), you must remove the number of baskets according to the number of racks you use. The door width must not exceed 16 in (400 mm).
