

Mover Sliding System for Small Wall Cabinets

Product # WEBKIT1216799

Load Capacity 22 to 26.5 lb*

Door Width 47 1/4 in*

Cabinet Width 47 1/4 in*

DESCRIPTION

Vertical sliding mechanism.

Mover is a vertical sliding system for wall cabinets and other smaller cabinets. The sliding mechanism is concealed inside an aluminum profile always hidden by the door, while the door itself moves on two lateral telescopic guides and can be stopped in any position.

ADVANTAGES AND BENEFITS

This new sliding mechanism eliminates the need for double side panels and counterweights. Maintains the stop position regardless of the height.

INCLUDED IN THIS WEBKIT

Sales unit

Complete Set for Mover System
Product # 891200600

Set

IMPORTANT INFORMATION

- Pictures provided for visual reference only: actual product may vary. - All required hardware should be ordered and obtained prior to initiating fabrication or installation work. Please verify that the parts and quantities listed in your order are correct before proceeding to checkout. - Always use instructions provided by the manufacturer, as included with the product. Manufacturer reserves the right to amend, modify, or otherwise supplement any previously issued product and/or technical information, as deemed required from time to time, without prior notice. - The documentation, drawings, and instructions on this page apply to the system described on this page only. Richelieu expressly declines all responsibility for any design or construction that combines this system with systems from this same manufacturer or systems from other manufacturers. - Installation of the product shall be executed by qualified individuals only, always ensuring that each product is securely installed using proper fixation methods, as appropriate for each applicable substratum. We trust that anyone installing these products has the required skills, knowledge, and experience. Richelieu expressly disclaims any liabilities for results obtained through improper use or installation. - Always remove debris/dust/residues (sawdust and/or aluminum) from all tracks and guide channels using a dry cloth during installation and before operating the system. - Never spray lubricant.
