

Premium Glass and Tile Drill Bit

Product # WGDB5705

Diameter 3/16 in*

Length 2 3/4 in*

DESCRIPTION

Designed and quality controlled in Germany
High-temperature brazed carbide tip
Carbide tip: special 120° shape
Surface: black finish/bright shank
Shank: straight shank

ADVANTAGES AND BENEFITS

- Precision-ground carbide tip for exact pilot drilling - Reduced rotation speed (rpm) and sufficient cooling (water, turpentine, vinegar, paraffin) improve the drilling result

TECHNICAL SPECIFICATIONS

Product #	WGDB5705
